Introduction:

Vaccination is the administration of a vaccine to help the immune system develop immunity from a disease. Vaccine contains a microorganism or virus in a weakened, live or killed state or proteins or toxins from the organism. Japanese Encephalitis (JE) Vaccine is a vaccine that protects against Japanese Encephalitis, which is very common in the local area of Marangi. One of the most effective ways we have to protect ourselves and other from illness is good personal hygiene. This means washing hands, especially but also the body, personal hygiene for women.

Objectives:

The objectives of the programme are-

1. To discuss about the importance of vaccine.
2. To discuss about the need of taking Japanese Encephalitis Vaccine.
3. To discuss about the importance of counseling on health and hygiene.
4. To know about how to maintain health hygiene mainly by women.

About the Programme:

For maintaining health and hygiene, a JE Vaccination and counseling programme has arranged by the Women Cell of Marangi Mahabidyalaya on 14/12/2021 in association with Marangi Primary Health Centr, Golaghat. In this programme counseling was given by a programme manager Aftab Hussaion about the importance of VE Vaccine. Afterward near about 60 vaccine were given to the students as well as teaching and non-teaching staffs of the

Introduction:

Donate blood Save life is the motto of this Programme. To aware the people of the neighbouring area of the college and the students a blood donation camp is held at the college campus. The Blood Donation Camp as well as awareness programme was organised by Red Ribbon Club and NSS Unit at Marangi Mahavidyalaya (Degree) on 23rd December 2021. A medical team from Swahid Kushal Konwar Civil Hospital, Golaghat was invited for the programme.

Objectives:

The main objectives of the programme are

1. To aware the people about Blood Donation.
2. To collect blood from the people and the students.

Explanation:

First in the college auditorium the awareness programme has been held. The programme has been started at 10.a.m. and ended within an hour. In the programme the medical team was felicitated by the In-Charge of the Red Ribbon Club and Programme Officer NSS Unit of the College. Dr. Rupom Duwara, in-charge of Blood Bank of Swahid Kushal Konwar Civil Hospital, Golaghat delivered a speech on the importance of donation of blood and its effects on human beings and participants from two nearby villages named Phuloni Gaon, the adopted village of the college and another nearby village Sumoni Gaon. He speaks out the logo of blood donation as Donate Blood Save life! He also explained that by donating blood one can save one's life. Another followed by a lady Blood Bank counselor named Mrs. Biju Bora has delivered valuable speech on the blood donation and its significance by the voices: "Rokto Daan Mohaan Kaam".

Findings:

The donation camp has been started at 11.a.m till 4.p.m. The medical team with their instruments started checking the blood pressure and weight of each donor. After that they have started taking the samples from Teachers, students and participants from villagers for 1 (one) unit blood for each person.

Total 30 blood units were collected. Lastly a certificate and I-card were distributed to the donors from the Blood Bank Official for future use.

Conclusion:

After taking out the sample the medical team offered water, then a plate was arranged with some items like Rasgulla, an orange, cake, and an egg and also to take adequate rest to the donors for recovery. A tea treat was arranged from NSS Unit and RRC for the medical team and donors. A lunch was also arranged in the college canteen by the NSS Unit for the Medical Team and in-charges of RRC and NSS Unit. After that a short meeting was held for the ending session of the programme.

The Programme Officer of NSS Unit gave thankful note to the medical team for making the programme successful. And from the medical team also thanked the college authority as well as NSS Unit and RRC for organizing such an awareness programme and Blood Donation Camp.

At the last they expressed their good feeling and togetherness of bonding with our college in the near future. Then our RRC in-charge gave vote of thanks and the meeting ended.

Introduction:

Creative Activities refers to the act of creating something by thinking, art, artistic creation or production, the creation of beautiful or significant things. It is the act of creating something by removing something.

Creative activities by the students are possible when they are able to use imagination and critical thinking to create new and meaningful forms of ideas, where they can take risk, be independent and flexible. Instead of being taught to reiterate what was ability to find various solutions to a problem. The female students of the department of Economics are not exceptional. They are expert in making various decorative items using waste materials and other useful materials.

The students have shown various decorative items made by themselves to the teachers of the department. The teachers of the department have felt proud of their students and the teachers and students decide to organise a workshop on creative activities.

The matter was discussed with the principal and Co-ordinator, IQAC of the college. The Principal advised to organise the workshop in association with Research, Innovations and Extension Cell at the adopted village "Phulani Gaon" on 24th December 2021. Accordingly, the Department of Economics has decided to organise that workshop at "Phulani Gaon" and taken permission from the President of the Village Development Committee, "Phulani Gaon".

About the Village:

The Village "Phualni Gaon" is 2 KM far away from the college and situated beside the N.H.39. The village is adopted by our college for the all round development. Many awareness and cleanliness programmes like cleanliness of the village road, drainage, sanitation, drinking water, Health, COVID-19 were organised there by the college. The people of the village are very co-operative and they also feel proud to be the part of our college. They have actively participated in any programme organised by the college. There are more 200 people in the village; all are well-educated and rich in cultural activities.

Objectives of the Workshop:

The major objectives of the workshop are-

1. To teach the women the ways of self-employment.

also requested all the participants to co-operate our students for successful and effective completion of the workshop.

At 11:30AM the workshop was started and our student Miss Anuradha Bora has made flowers from coloured paper and the women and the girls of the village have learnt the process of making flowers easily. They have shown their interest towards the workshop and happily trying to make other items. After that, Miss Janmoni Sharma has made decorative items like flowers, trees using waste materials like nutshell, papers etc. Another student Miss Porobita Borah has made beautiful toys using socks, ribbon and bindi. The toys are seen very beautiful and she has made them easily in a very Short period of time.

The participants were seen very excited by involving themselves in the workshop.

The Village Development Committee of the village has arranged a tea party both for the organising committee and the participants in the workshop. We also brought some sweets for the workshop.

Outcome of the workshop:

The village girls and women have enjoyed the workshop happily. They have made many different items as shown by our students, they discussed among themselves to make such types of items in such a manner that they will be able to sell them in the fairs organised by different NGOs and SHGs for earning money.

Conclusion:

At the end of the workshop Assistant Professor, Mrs. Monikankona Bodo has given vote of thanks especially to the Village Development Committee for giving the opportunity to arrange the workshop at their village and to the oldest person Sjt. Norendra nath Dutta for this presence at workshop and his valuable speech. She has also been thankful to the women and the girls of the village for their active participation and encouragement at the workshop. The workshop was ended at 2PM with lots of positives support from the participants and the people of the village.

Report of Field Study

**A Field Trip to The Assam Co-operative
Jute Mill Ltd. Silghat,
Dist: Nagaon, Assam**

Date: 28th December, 2021

**Organised by
Department of Economics
Marangi Mahabidyalaya.**

Introduction;

A field trip or an excursion is a journey by a group of people to a place away from their normal environment. Field trip is an organized visit of teachers and students to immediate or distant places to enrich learning experiences and to further instructional purposes of regular classroom activities. Life in the classroom can cover only a small part of our total life. If learning is to result in the total development of the learners, must go beyond our school/ college walls in to the community as students and as working participant.

As a part of study we, the department of Economics have decided to go to the Assam Co-operative Jute Mill Ltd. Situated at Silghat of Nagaon District on 28th of December 2021.

On that particular day the teachers of the Department, 22 nos. of students have the journey from the campus of Marangi Mahabidyalaya to Silghat at 7 A.M. The Assam Co-operative Jute Mill is situated approximately 104.9 K.M. from the college. We have reached the Mill at about 10 A.M. by a bus reserved by the Department. Along with the field study we have arranged a picnic on the bank of the River Brahmaputra which is flowing nearby the Mill. We have had our breakfast there and started our journey to the Mill as directed by the supervisor Mr. Gogoi and reached there by 11 AM.

The Co-operative Jute Mill was registered in the year 1959 under the Assam Co-operative Societies Act, and the Mill commenced its commercial production in 1970. The Mill is situated on the South bank of the river Brahmaputra located at about a distance of 8 km from Jhakhalabandha. The location of the Mill is very beautiful with hill and river. The place is a great archaeological and historical value as it has Kamakhya Temple, Trishuldhari Temple, Samantagiri, Simolagarh and some heritage Bungalows of British era, Gandhi Asthidham etc.

Objectives of the Field Study;

The main purposes of our field trip to the jute mill are –

1. To study the production process, raw materials and technology used in the Mill.
2. To study the employment opportunities provided by the Mill to the local people.
3. To Study the working environment within the Mill.
4. To study the impact of the Mill on the environment.
5. To study the various services provided to the employee.

Methodology:

During the study at the Mill the primary data are collected and some secondary data also collected from the official documents of the Government of Assam. A simple questionnaire was prepared for students to collect the primary data.

The methods which are used in the study are Descriptive and Historical.

Benefits of the study:

This field trip has helped our students to gather knowledge about the history of the Jute Mill, its current position, production per year, its volume of export to other states of India, the technology used in the production process, total number of permanent employees and temporary workers engaged in the Mill. The students are able to collect the data using the questionnaire and they have succeeded in fulfilling the objectives of the study. They have also known from the study that other various products like decorative items, beautiful bags, ropes, wall hangings etc. can be made from jute. These type products have great market demand and it helps them to earn money. Thus, the Mill provides employment opportunity to a large number of local people.

From this study the students are able to realize that it is not an easy task to work inside the the Mill with high volume of machinery sounds. The workers do their works in a very noisy environment which may deteriorate their health. So the students have realized the importance of dignity of labour by visiting the Mill.

They are also able to realize that the local people who are engaged there on contractual basis are expert in their works.

Besides, the students have got the opportunity to visit the various historical temples situated beside the Mill like Kamakhya Dewalaya, Trishuldhari temple etc. Such types of holy places help the people to develop spirituality and give heavenly peace to them.

Conclusion:

After completing the study, we have returned from Silghat at about 3P.M. with lots of knowledge, experiences and positive vibes. The journey has make the students joyful and thought it as a great job for them.

Summary of the project:

Muga Silk is native of Assam and named after Assamese word "Muga" which indicates the amber (brown) colour of cocoon. *Antheraea assamensis* is the scientific name of Muga silkworm. The species was first described by Johann Wilhelm Helfer in 1837. It is largely found in Assam in Northeast India where 99% of its production occurs. Muga silk is a variety of wild silk geographically tagged to the state of Assam in India. The silk is known for its extreme durability and has a natural yellowish golden tint with a shimmering, glossy texture. It was previously reserved for the use of royalty. From time immemorial many ethnic and tribal groups have produced Muga silk.

Uniqueness of Muga Silk:

- It has a natural shining golden colour.
- Muga silk is a stain free fabric.
- Muga silk fabric is the second costliest fabric in the world next to pashmina.
- Muga silk is precious durable, lustrous strongest silk among the all types of natural silk.
- No artificial dye is required.
- Everlasting colour stability. The golden colour is increased after every wash instead of decay of shine.

Muga silk remains a classic item that every woman desires to own, however its traditional outlook, an non-versatility makes the demand a little niche. Nevertheless, the fabric does have a global connect specially in Japan where designers are using it to make 'Kimonos' and other traditional Japanese dresses.

One day training programme on " Diya Making" to develop the creativity among the students.

Date:22/11/2021

Reports on Diya Making :

Introduction: Diya is Basically a symbol of the Victory of good over evil, brightness over darkness, and truth over falsity. The diyas not only make diwali, the festival of lights, but they also symbolize the supremacy and consequence of brightness over darkness. On diwali, it is a tradition to light 3days. According to beliefs, all these diyas hold great importance. It is believed that 13 diyas protect against negative energies and bad spirits.

On the other hand, creativity training can improve ideational innovation in college students. Furthermore, creativity training has positive effects on both divergent thinking test and project performance. Creativity engages different learning styles. Creative methods enable engagement through a variety of learning styles. Creativity allows us to view and solve problems more openly and with innovation. Hence faculty of Education department has decided to organise a training programme on 'Diya Making' with the collaboration of KVK khumtai Under Agriculture university.

Objective of the programme:

Diyas symbolise goodness and purity and lighting them denotes dispelling darkness and going into light and since Deepawali is celebrated on the new moon day, a time of darkness, every where light these lamps are a means to get rid of darkness. Lighting the lamps also denotes dispelling anger, greed and other vices.

About the Programme : On 22/11/2021 the department of education had organized an one day Diya making training programme for the girls students of the college. There were 21 students attended the programme and learnt a lot from the programme. Mrs. Mridushmita Borthakur, subject matter specialist of KVK Golaghat came as instructor of the programme.

Findings of the training Programme:

Participating in this programme, the girls came to know about the techniques and skills to make decorative Diyas. It is a way of self dependent by learning by doing. The girls were very happy to participate in this programme. The programme was beneficial to all the participants.

FIELD TRIP TO TEZPUR: DEPARTMENT OF EDUCATION

Introduction:

A field trip is an important part of education. It has a great importance or significance in the field of education, that enhances the critical thinking, skills and knowledges of the students. It gives students a chance to think about a topic or theme from different perspective. Several students don't get to experience the typical field trip locations with their families. A college trip gives students the chance to experience new venues. A field trip is a trip to a factory, educational institutions, historical sites, farm, museum etc. by the students and teachers for the purpose of gathering first hand information.

Importance of field trips:

1. It helps in the socio-economic growth of the students.
2. Erases classroom boredom.
3. Increases social interaction.
4. Access to different environments.
5. It increases the environment of interactive learning.
6. Develop positive attitudes, values and motivates the students for higher studies.

Field trip requires significant planning and co-ordination for teachers and administrators. It will give an educational experience that they never could have had in the classroom. Therefore a field trip was organized by the department of Education and History on 28th December, 2021 to Tezpur.

Tezpur at a Glance:

Tezpur is a city of Sonitpur district, Assam, India. It is located on the bank of the river Brahmaputra, 175 km northeast of Guwahati and is the largest city of the north bank cities. Tezpur is reached by air from Kolkata directly. An alternative way to travel to Tezpur is by road from Guwahati, which has a direct air link with New Delhi and Kolkata. It is around 4 hours drive from Guwahati, the capital of Assam. The distance between Marangi Mahavidyalaya to Tezpur is 125.8 km.

In the trip 45 numbers of students and 5 numbers of teacher incharges were going to Tezpur from both the departments of Education and History of Marangi Mahavidyalaya.

4. Departmental Field Trip On 28/12/2021.

On 28th December 2021, with the support of our students, Political Science Department arrange field trip to Sivsagar. The main aim of this trip is to know or show our students the different historical monuments or places Palaces that have been established during the Ahom Period by different kings. Here, we show the historical monuments as Shiva Doll, Rong Ghar, Kareng Ghar, Tolatal Ghar, Sivsagar Pond etc.

Sivsagar District is well known for its Ahom Palaces and its monuments as well as it is well known for tea and oil industries. These industries greatly helps to solve unemployment problems of rural poor youth. It is situated about 360 kilometers North East of Guwahati.

Thus, it was a great trip for all of us and we saw a lot of valuable monuments which became unbelievable. We are very grateful to our students that they systematically arranged and made the trip success.

Introduction

Mobile phone is one of the most influential media of communication in the world during this time. Most of the students of the world use this media of communication in different purposes. On the basis of use pattern, we find both positive and negative impact in the academic life of the students.

Objectives of the Programme

1. To make aware the students about the use patterns of the mobile phone
2. To make aware the students about the negative impact of over uses of mobile phone.

Explanation:

The programme is conducted by the department of sociology on 22nd December, 2021. Three teachers of the department namely Dr Akhil Borah, Tribeni Bora and Dr Pankaj Boruah participated in the Programme.

The Head-master of the school with the students participated in the programme. The programme is started by Dr Akhil Borah, HoD sociology highlighting both positive and negative impact of using mobile phone among the students. In the programme it is tried to make the students understand how over uses of mobile phone affect in health, education, environment, behavior and in social interaction. A question-answer session is kept in the agenda and so, the students attended in the programme asked different questions to Dr Akhil Borah regarding the effects of over uses of mobile phone. The Students attended in the programme were greatly satisfied with this programme and requested to arrange such type of programme again in this school.

The Mech is an ethnic group belonging to the Bodo-Kachari group of peoples. It is one of the scheduled tribes found in different parts of Assam. Kali Bari Chuk village is one of the village of Assam situated in the eastern part of Tezpur town. The distance of the village from Golaghat is about 143 kilometers. This village has a heterogeneous character in case of population structure. Bodo (the Mech is belonging to this community), Deuri, Nepalis, Chutia and Koibortta are the significant community of the village. The Mech is the major community so, the students have decided to conduct the study on this community of the village. This village is a historical one; because some historical monuments are found in the village like 'Dr Bhupen Hazarika Samadhisthal', Ban Raja Pahar, Bhairab Mandir etc.

The Mech community has its own customs, traditions, language and many other socio-cultural characters. But in the study the students found that most of them have lost their traditional character and have accepted some new ones like customs, tradition, religion, language etc. It indicates their socio-cultural changes in their life. So, this study aims to explore the *socio-economic changes of the Mech Community of Kali Bari Chuk village*.

Findings

1. This study helps the students to learn the techniques of data collection
2. This study helps the students to gather researchable knowledge

Conclusion:

The study in Kali Bari Chuk village is a necessary one which will help the student to gather new knowledge regarding the socio-cultural changes of the Mech Community.

3. Agnigarh:

This is another tourist attraction place in small hill beside River Brahmaputra. According to legends, Darang was the capital of the Demon king Banasura, an ardent follower of the Bhairavnath incarnation of Lord Shiva. To Banasura beautiful daughter Usha appeared her lover in a dream, whom Citralekha, her friend partnered for her in a painting. The portrait was Anirudha, the grandson of Krishna, the king of Duaraka. Usha decided to marry him but Usha's father arrested Usha and Anirudha and interned on a hill top called Agnigarh a rampart surrounding by fire. Lord Krishna immediately came to the rescue of his grandson. A devoted of Lord Shiva, Bana appealed to the latter for help. A battle ensure between Hari and Hara and great bloodshed was took place. The ruins of Agnigarh, where this immortal romance blossomed, still bear mute testimony to this legend. Since the town has been called Sonitpur or Tezpur meaning, a town tainted with blood. In that place, a landscaped garden with exquisite sculptures, soft illumination and cascading waterfall keep the legendary romance alive.

4. Citrlekha Udyan:

It is known earlier as Cole park, was establish by Mr. Cole, a British Deputy Commissioner. These remnants can still be seen here in the form of ornamental stone pillars and other sculptural relics. It is the most beautiful garden in Tezpur with its central lake, water facilities, lush green walk ways and small amphitheatre.

Introduction:

International Mother Language Day is observed on 21st February every year to promote linguistic and cultural diversity and multilingualism worldwide. It is part of a broader initiative to promote the presentation and protection of all languages used by peoples of the world. The 2022 International Mother Language Day's theme is using technology for multilingual learning. Challenges and opportunities. The Institutional Values and Best Practices Cell of Marangi Mahavidyalaya had organized a competition on spelling test and word finding in assamese dictionary at Dholaguri M.E. School in the occasion of World Mother Language Day.

Objective:

The main objective of this programme are—

- 1) To maintain the regular practice and encourage the students to find out words and its meaning in dictionary in a proper way.
- 2) To teach the technique to seeing word in dictionary in a easy method.
- 3) To make aware the students about spelling mistake.
- 4) To create awareness about International Mother Language Day among the students.

Discussion:

In the morning of 21st February 2022, a team of four teachers of Marangi Mahavidyalaya had reached to Dholaguri M.E. school at 9.30 A.M. The school had arranged a meeting to welcome the teachers of Marangi Mahavidyalaya. In the meeting, Mr. Yugal Jyoti Borah, Co-ordinator IQAC, had delivered a speech on International Mother Language Day and it's important for our society. After the meeting, the competition of spelling test and word finding in Assamese dictionary was started as one by one. The competition was conducted by Dr. Chewari Sarma and Mrs. Tribeni Bora. Almost 40 students had participated in those competition and they performed very well in both competition. The result are—

Spelling competition

- 1st ---Sagor Darjee (Class-viii)
2nd -Sonia Turi, Lohit Thengal (Class-viii)
3rd -Dibya Tanti (Class-viii)

Word Finding competition

- 1st -Mohan Panika (Class-viii)
2nd -Sagor Darjee, Victor Kujur (Class-viii)
3rd -Lohit Thengal (Class-viii)

After the announcement of result, prize was distributed among the winners by the teachers of Marangi Mahavidyalaya.

Outcome:

- 1) Due to the celebration of International Mother Language Day in Dholaguri ME School, a consciousness had created about mother language among the students of the school.
- 2) Through the participating in the competition of word finding in dictionary, the student of the school had learned about how to find out a word in a dictionary.
- 3) Through the spelling test competition, the students had awarded about the minor mistakes in word writing.

Conclusion:

The teachers of Marangi Mahavidyalaya came back after the programme at 3.00 P.M. The teachers were very much attracted by the students and the environment of the school.

ALUMNI MEET-2022

Date: 26th and 27th February, 2022

REPORT

Alumni are the former pupils or students of a particular school, College or University. Alumni are institution's most loyal supporters. Maintaining a positive relationship with the alumni means that the messages they share about the institution will also be positive and current. Therefore an alumni meet is held on 26th and 27th February, 2022 at Marangi Mahavidyalaya to maintain positive communication channels with the alumni for keeping them informed about the achievements of the College, making the part of the institution's present and future, not just its past.

So it gives immense pleasure to prepare the report of alumni meet 2022, held on 26th and 27th February, 2022 at the campus of Marangi Mahavidyalaya. It has been an incredible reunion of alumni, faculty and staff members of Marangi Mahavidyalaya.

Introduction:

International Women's Day is a global day celebrating the social, economic, cultural and political achievements of women. It is celebrated in variety of ways worldwide, observed socially or locally to celebrate and promote the achievements of women. This year the Women Cell of MarangiMahabidyalaya(Degree) decided to felicitated a local rural energetic women and organized a workshop by the energetic self-variant personality and her self-help group to some of the students of MarangiMahabidyalaya.

Objectives:

The Women Cell has fixed three objectives for the programme-

1. To encourage good behavior and competitive spirit.
2. To encourage the local energetic women and her role played in society.
3. To give vocational knowledge to the students.

About the Programme;

On the special day, the Women Cell of MarangiMahavidyalaya(Degree) decided to give honor a local brave energetic rural women named SrimotiSwarnalata Dutta. She was felicitating by the Women Cell Of the college and the workshop programme was started. In this programme 25 girls' students were trained about making different product like bags, flower, pot, decorative goods etc. by using water hyacinth by Swarnalata Dutta and members of self-help group. After that a small celebration of tea and snakes party was held by the Women Cell of MarangiMahabidyalaya(Degree) with all the members present there in the programme.

Outcomes of the Programme :

Felicitations are acknowledgements for the achievements done and also make confident when it is publically recognized. Swarnalata Dutta and her helping hands women were very much happy for this felicitation programme. All the trainees of MarangiMahabidyalaya were also get a practical knowledge of using this water hyacinth to make various beautiful products.

Conclusion:

At last it has been concluded that Women's Day celebration has a great importance for the welfare of the women community. The nearby local women as well as the girls students of MarangiMahabidyalaya (Degree) were very much benefitted by this programme.

Introduction:

World Environment Day is celebrated on 5th June as a means of awareness about the conservation of our environment. It helps in preventing the earth from the effects of Global Warming. Since Global Warming is the root cause of the ruin of our environment. On this special day, saplings have been planted in the college campus and nearby barren land which will flourish the land area after some years.

Objectives:

The main objectives of the Programme are:

1. To plant saplings to save the environment.
2. To aware the children about environmental problems

Explanation:

On the occasion of world Environment Day, the N.S.S. Unit of Marangi Mahavidyalaya has decided to plan tree and distribute sapling to the nearest lower primary school named Gidibasti LP School. For this purpose the Programme Officer of N.S.S. unit of the college collected sapling from the nearby Nursery.

On that particular day, N.S.S. Unit has planted some sapling at the college campus and after that the Programme Officer along with one of his colleague Mr. Malabya Mohan Borah and 20 number of N.S.S. volunteers have

gone to Gidibasti LP School to distribute the sapling. After distributing the sapling, some saplings have been planted at the School Campus.

Mr. Dadul Borah, the Head Master of the school has also actively participated in the programme. After planting the sapling sweets and snacks have been distributed among the students of the school.

Outcomes:

1. The programme has helped the students to know why the tree has been planted and why the environment has been saved.
2. The programme has no immediate outcome but it will make the location green in near future.
3. The programme has succeeded in motivating the students to plant trees not only on that day but in other day too.

Introduction:

The International Yoga Day has been celebrated across the world annually on 21st June since 2015, following its inception our college has decided to celebrate the Day under the supervision NSS Unit of the college since 2019. On 21st June 2022 the International Yoga Day has been organised by IQAC and NSS Unit at the college in association with Kreedha Bharati & Nehru Yuva Kendra, Golaghat in collaboration with Sewa Bharati. The programme has been inaugurated by the respected principal of the college. Yoga practitioner Sri Bhrigu Nath Lohar.

Yoga is a physical, mental and spiritual practice which originated in ancient India. Yoga embodies unity of mind and body through an action restraint and fulfilment, harmony between man and nature, a holistic approach to health and well-being.

Objectives:

The main objectives of celebrating the Yoga Day are-

1. To encourage the participants to grow the habit of doing yoga daily.
2. To teach them how yoga keeps us physically, mentally and spiritually fit.

Explanation:

On 21st June 2022 the International Yoga Day has been celebrated in our college auditorium. The Co-ordinator of IQAC Mr. Yugal Jyoti Borah has welcome the students and the participants to the programme and described the importance of the day.

Sri Bhrigu Nath Lohar has been invited as the Resource person for the programme. He has briefly explained the benefits of Yoga in our day to day life and the rules and regulations for doing Yoga.

After the inauguration session, Lohar has started the technical session. In this session he has taught the participants how to do Yoga. He has performed the Yoga in the platform and the students have followed her. Along with Yoga, he has been describing the benefits and ways of doing Yoga.

Outcomes:

The outcomes of this celebration are-

1. The participants feel physically and mentally strength after practising Yoga in the technical session.
2. They are eager to do yoga regularly at home and asks the NSS programme Officer to organise this session regularly at the college.

Introduction:

The Department of Economics has organised a survey on Health and Hygiene Status among the Women Workers at the B.G. Gate Tea Estate on 10th June 2022 in association with Research, Innovations and Extension Cell of Marangi Mahavidyalaya. The B.G. Gate Tea Estate is situated near by the college. Therefore, the Department has decided to do a study on the working women' of the tea estate. On that particular day the weather was rainy but the esteem participants have decided to do the study on that day.

Objectives:

The study has been done on the basis of the following objectives-

1. To involve the students in survey activities and for getting practical experience from survey.
2. To study the health conditions of women workers of the tea estate.
3. To find out what kind of medical facilities are available for them in the tea estate.
4. To suggest some health care ways to them.

Explanation:

The team has reached the village at 11:30 am and a young person of that tea estate has guided the team for their study and he helped some respondents in understanding the questions.

On the basis of the questionnaire they have started their study by entering the households. The team has been divided in groups of three members. They have asked the questions very politely and smartly and the respondents have answered each question properly.

The women workers have been seen working in rain in the tea estate. Some women have been seemed to be very weak who are not eligible to work, but the authority of tea estate appoints them to work in such pathetic condition.

Findings of the study:

1. The groups have entered the houses of the workers and they have asked the question very smartly and politely.
2. The respondents have understood the questions and answered each question properly.
3. They have asked about the health conditions and medical facilities available for them in the tea estate.
4. They have succeeded in suggesting advice to them to contact their personal matters with the ASHA workers during pregnancy period.

Conclusion:

The team has completed the survey at 2:30 pm during the heavy rain and have the return journey by 2:40 pm. The survey team has thanked the person of that tea estate who has guided them in the survey and they have also been thankful to the faculty members of the department for organising such a fruitful programme by the department.

Best Practice no 1
Department of Education

Title of the Practice: Monitorial classes at Nearby Schools by students

1.Introduction:

Monitorial system is an educational system which was formerly used by many charity schools that consisted in employing other pupils to teach the younger ones. This method of monitorial system is applied to Doigrong Bagicha M.E. School by Institutional Values and Best Practices Cell of IQAC Marangi Mahavidyalaya.. The college has taken a decision to increase the teaching skill of the students of Marangi Mahavidyalaya and also to keep a good relation with nearby school. On the basis of this decision, the responsibility has given to the Development of Education by college authority. The Department of Education has started to monitor continuously Doigrong Bagicha M.E. School from the year 2017.

2.Objectives:

1. To increase the teaching skill among the students of the department of education.
2. To maintain a smooth relationship with nearby school.
3. To increase the teaching environment and intellectual development through the help of this programme.
4. To assist the school in teaching- learning method..
5. To encourage and create motivation for the service of teaching among the students of of the education department.

3.TheProgram:

Doigrong Bagicha M.E School is situated in a rural as well as tea garden area and the students are came from poor economic background. Most of them are came from tea-garden area, whose parents could not help in their studies as they are working daily laborer and mostly which are illiterate. College has taken the opportunity to support them in their educational life through monitorial system. It is also an unique experience for the students of the college to teach younger pupils and also helps to attract the school's students for the study by this monitorial system. Under the Supervision of the Department of Education, the student of the department start to monitor the students of Doigrong Bagicha M.E. school in their academic aspect. During the period of monitoring, it is come to know that the students attend their classes regularly. As extracurricular activities like, recitation, quiz, extempore speech and some other cultural

Report about the 1 week "Educational guidance programme"

Date: 24th June 2022

By
Department of Education
Marangi Mahavidyalaya

"Educational Guidance is a conscious effect to assist in the intellectual growth of an individual" – Brewer

Educational guidance is a process of assisting the individual student to reach optimum educational development. It is a sort of guidance that is only rendered to the student community.

Educational guidance helps the students to understand their own rights and help them to understand how education help them to know their ability, know their surroundings, and how create themselves to an effective citizen. That means educational guidance helps them to understand importance of education in their life. Educational guidance is very important for a student during his school life.

Hence we, the department of Education, Marangi Mahavidyalaya, have selected one nearby LP school name "Bogidhola Bagan LP school" for guiding the students in the different areas of Education.

About the School : Bogidhola Bagan LP school is under Golaghat district of Assam and is situated within 2 K.M distance from our college. The school was established in 1948 and was provincialized under the Govt. Provincialisation act 2013. Before provincialised , the school was under the jurisdiction of Bogidhola Bagan (tea garden). There are 71 students in the school and most of them are from tea tribe community. One Anganwadi centre is also attached with the school. The Bogidhol Bagan L.P School is a single teacher school and is situated under the Elephant affected area. This school was severely affected by elephants in many times. Therefore, the school infrastructure is not up to the mark.

Principal VC

Phase

After the successful completion of the 7days guidance programme we prepared an evaluation sheet for the young kids so that we can evaluate their progress and development, as a result we find that majority of them have shown very good results.

It proves that hard work and co-operation have positive influence among the students.

We heartily thanks to the head master of the school for giving us the opportunity to guiding the little buds and hope for the future opportunity to serve the future generation.

Introduction:

Educational guidance is a process of assisting a student to reach optimum educational development. It is a sort of guidance which brings student community to understand their own rights, duties and responsibility regarding formal education, school, surroundings etc, and the most how to create themselves to an effective citizen for future. This is what educational guidance provides to a student for better life.

Objectives:

1. To uplift the students from school level to degree level.
2. Motivating students on various fields of education to go for higher education.
3. Ensuring students about aim in life, thy career building and to lead a better life in future.
4. To provide an understanding and responsibility man to society.
5. To guide them to solve his or her problems by own.

Explanation:

Being an English Department, we have been chosen an English Medium School nearby college named: Arya English Academy. It is situated in Sumoni Gaon, Purabangla, P/o: Lettekujan, Pin: 785613, Dist: Golaghat, Assam. It is half an km far from college campus. In the school there is one Head Master, and twelve teachers. The surrounding of the school is greenery with the branches of trees and a garden of bamboo trees and flowers, thus leading a good atmosphere in the school. The infrastructure of the school is good to its level. Though it is private school rendered by a private school committee, the classroom for each class is available though it is not a building but brick walled rooms. According to the head master, the motto of the school is to bring the students to their ability, understanding the concerns, career building from school level and to provide good man or woman to the society.

The educational programme was done for one week or seven days including a MCQ test (Multiple Choice Question) in the last day. It started from 15/06/22 to 23/06/22. I have been given the seven standards and second period for class, from 9.45 am till 10.30 am. The total student of the class is 38 (Thirty- eight) and out of it 36 (thirty-six) were present regularly. The students were very active and co-operative in the class. And the teaching -learning process run swiftly.

In the classes I have taught or gave knowledge about Communicative English basically on skills in learning any language. Why it is important and how to cop -up with the skills. In the next class, I have taught about English Literature, terms of literature, and its importance in

education. In the third day, I have given information on Environment, its resources in India, especially in Assam, its protection and preservation as well as how to keep school environment in preservation and protection. In the fourth day, on Yoga and Health, I have demonstrated in the class regarding its importance and effectiveness in our health. And how to keep our health healthy by adopting good health tips, fitness and avoid the hazardous things from our day-to-day life. In the fifth day, I have taught about Use of Plastic and Pollution. Avoid use of plastic and adoption of healthy concerns instead of plastic. How to pollute less and to control pollution with various remedies that could be adopted. On the sixth day, Computer education (basic) has been taught as it was new to the students in the school. Some were familiar but most of them are unaware of computer education. I have taught about the importance of Computer in today's life and the basic functions, the online procedures, and also about India government step for Digital India. And in the last day or Day 7, I set a test with Multiple Choice Questions setting regarding the weekend learning of the students.

During teaching and learning period.

During MCQ question paper distribution.

Outcomes:

The outcome of the one –week educational guidance is found good to a level. From the total student 38, 36 students were present in the test. The total mark of the test was 20 out of 10 questions. Each question carries two marks. And from the 36 students, 35 students obtained full marks and only one student obtained 18 marks. Thus, from the result of the MCQ test, I have come to know that the teaching-learning process of the weekend becomes successful.

Introduction:

Educational guidance: Educational guidance a process of assisting the individual student to reach educational development. It is a guidance that is rendered to the student community. It helps the students to make right choice, as well as make adjustments in relation to school, curriculum courses and school life which contribute to the all-round development. In the words of Dunsmoon and Miller, "Educational Guidance is primarily concerned with the student's success in his educational career. It relates to the student's adjustment to school and to the preparation and carrying out of suitable educational plans in keeping with his educational needs, abilities and career interests."

Educational guidance refers to that guidance that a student needs during school life. It helps them to solve the problem that they face in school. Therefore the department of history, Morangi Mahavidyalaya decided to give educational guidance to the well as teachers in the nearby B.G.K. Lower Primary school. All the students of B.G.K. L.P. School are from the tea garden Labourers community. Most of the guardians are illiterate. The faculties of the department of history want to guide the students by one week Education Guidance from 15th June 2022 to 24th June 2022.

Objectives:

1. To Guide the students regarding their studies, especially in English Language.
2. To help the students to know about their different potentialities.
3. To guide the students as well as Teachers to overcome the problems face by the school.
4. To assist the children in using his leisure time most profitably.

The Programme:

The Faculties of the department taught the students about how to learn English language in a easy way. Our college face the various problems from the students which are admitted in the College from nearby school, because maximum students are found to be poor in English language. Therefore, the faculties of the department decided to teach the students of these schools about English grammar and some words which are very useful to their day to day life. The faculties selected the students of class IV and V to teach English language. The three faculties of the department (Dr.Mamoni Mahanta, Mr.Atul Borah and Miss Rujmai Begum) alternatively offered the classes. After the completion of the classes on 24th June 2022, we organized an examination among the students. It's our peasure to mention that the students did well in the examination. In the programme some books, colour pencil, glue etc are also distributed among the students.

6. World Environment Day Programme on 5/06/2022

Our department celebrated World Environment Day on 5/06/2022. The main theme of World Environment Day 2022 is to 'Only One Earth' with the focus on 'Living Sustainably in harmony with nature'. The main aim of celebrating this day is to raise awareness ^{among the students} about environmental issues, the increasingly deteriorating conditions, climate change etc. If we fail to protect our environment, we will put the lives of humans, animals, plants and more at risk. So, in the particular day along with our student we planted tree in our college campus as well as also in Giddhi Bosti L.P. school campus. Therefore, to protect our environment, we must discard plastic and use jute, paper, or cloth in its place. Afforestation is another essential way to save our trees and forests. A clean environment is essential for us to lead healthy and fulfilling lives.

Introduction

Educational guidance is a process of assisting the students to reach optimum educational development. It is a sort of guidance that is only rendered to the student community. It helps them to understand their own rights and help them to understand how education can help to know their ability, to know their surroundings and to know how create themselves to effective citizen.

By taking into consideration about this view, the authority of Marangi Mahavidyalaya has decided to organize educational guidance programme at the nearby educational institutions. This one –week Educational Guidance Programme to the Teachers and Students are done at Gidi Basti LP School from 15th to 24th June, 2022.

Objectives:

The main objectives of this programme are

1. To promote educational awareness among the students along with develop their intellectual and physical quality
2. To enable the children to know in details about the subjects and course offered by schools that they might attend.
3. To help them to adjust to their curriculum.
4. To help the students in developing good study habits.
5. To help the students to know the purpose and function of different types of schools.

Explanation:

As per the specification given by the college authority Jayanta Borah, Assistant Professor in Political Science has gone to Gidi Basti LP School for educational guidance programme om 15th June 2022. An inaugural session has been organized in the presence of Head Master, teaching staff and students of the school. Mr. Borah has said about the importance of educational guidance programme for teachers and students. Mr. Dadul Borah, HM of the school has also expressed his view regarding the programme and welcome Mr. Borah and the department of Political Science to the school for that great purpose.

During the one week programme the classes have been held on various topics like cleanliness, health, yoga, preparation for examination, punctuality, discipline, culture etc. Taught by Mr Jayanta Borah, Mr. Malabya Mohan Bora, Mr Cheniram Hazarika, and Dr Kakali Borah.

Outcomes:

This one week educational guidance programme helps the students to overcome difficulties in learning some subjects and to make them fit for future programme in educational carrier, and also helps the students to choose the subjects in accordance with their needs, capacities and interest.

Conclusion:

It is a one week programme which has been completed on 24th June 2022 .At the last day examination has been held among the students to examine their understanding and progress from that one week programme.

After the end of the examination a valedictory session has been organized where the HM has given the appreciation letters to the department of Political science as well as to the faculty members of the department for the successful completion of that programme. The HoD Mr. Jayanta Borah has delivered vote of thanks to the school family for that active support and co-operation.

Introduction

Field research, field studies or fieldwork is the collection of raw data outside a laboratory, library or workplace setting. The approaches and methods used in field research vary across disciplines. Sociological research or sociological field research is also little more difference in comparison to other disciplines. So, to make efficient the students of the department of sociology in this aspect, a decision is taken to conduct a sociological field study at Gidi Basti on 16th June, 2022.

Objectives of the study

1. For acquiring knowledge in sociological field study
2. To know how to collect primary data

About the process of the Study

After taking permission from the principal of the college, we the teachers of the department decided to go for a field study at Gidi Basti. So, the six semester students (Honours Course) were notified to themselves ready for the study at Gidi Basti on 16th June '2022. The purpose of the study is to explore the living standard and economy of tea-garden community of Gidi Basti. The Tea -garden community of Assam is a significant community which has their own economy and living standard. Now, some of the people of this community has changed their living standard and their Economy for joining in different jobs and business activities.

For this study, the students of the department reached the village (Gidi Basti) and started their data collection. At first they met the VDP secretary and collected some basic information about the village and noted it down. After that, they started their house to house data collection with the help of the interview schedule.

After completion of the data collection on that very day, the students were asked to prepare a report on the topic **Living Standard and Economy of Tea-Garden Community: A Sociological Study in Gidi Basti of Golaghat District of Assam.**
